

Screening Required Before Entrance

Dancers and staff must pre-screen every time they attend the studio. The DanceWorks Kenora Health Check must be completed before dancers arrive for class. Online class attendance is available for dancers who need, or prefer, to participate from home.

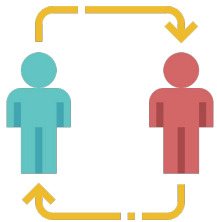

Masks Mandatory in the Studio

Everyone entering the studio must wear a mask or face covering (with exemptions only for individuals who are unable to or cannot wear a mask.) Dancers and staff will wear their mask the entire time they are in the studio, including while actively engaged in dancing.

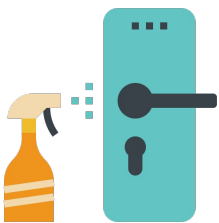

Use Hand Sanitizer at Door

Dancers must use hand sanitizer when they enter and exit the studio. Signage in the bathroom reminds everyone to wash their hands properly and dancers will also be reminded to sanitize or wash their hands during class as necessary.

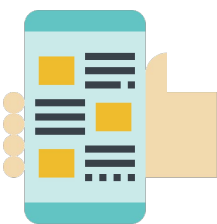

Follow Studio & Class Guidelines

Studio access is limited to dancers and teachers. Parents drop-off dancers at the green door and pick-up at the glass doors. Dancers will put their belongings in a bin upon entering and will follow teacher instructions for appropriate distancing during class.

Studio Cleaned Regularly

Frequently touched surfaces will be cleaned daily (doors, dance floor, faucets, bins, etc). Shared items (barres, mats, exercise balls, etc) used by individual dancers will be cleaned after each use.

Stay Up to Date With Our Health & Safety Plan

Everyone entering DanceWorks Kenora must agree with, and follow, our COVID-19 Health and Safety Plan available at danceworkskenora.com/covid-19-procedures
